Reimbursement funding options

Support at Home Program (SAH)

Physiotherapy is a Clinical Care service under Support at Home, funded in full by the Australian Government, so there's nothing for you to pay. We work with any provider. Give us a call and we'll liaise directly with yours to arrange everything.

NDIS

Whether you're self-managed or plan-managed, we can support your rehabilitation journey. NDIS clients can access our home visit services under the Improved Daily Living support category.

Private health insurance

If you hold private health insurance, you may be able to claim a rebate on your appointments, depending on your level of cover.

GP Chronic Condition Management Plan (GPCCMP)

Your GP can prepare a Chronic Condition Management Plan, entitling you to a Medicare rebate for up to 5 allied health services per calendar year.

Servicing the Northern Beaches
